The sooner we take control of our finances the sooner we can move forward. This class is for students completing 9th-12th grade and those currently in college. Students can attend one or all sessions. We encourage attendance each evening. Registration required minimum one day before each session for planning and meal prep.

Estate Planning

Instructor: Monica Vozakis

Date and Time: Tuesday, June 19th from 6:00 pm to 8:00 pm
Location: BOCES Media Center Cost: \$10

What will happen to your loved ones if something tragic happens to you? Estate planning is not just for the wealthy or elderly. Planning can help provide peace of mind and protect assets for you and your family. This class will cover basic estate planning techniques that can be done to effectively pass property and avoid probate. It will also cover basic concepts of property ownership, wills, powers of attorney, health care directives and probate. Please call (307) 877-6958 to sign up today.

June ED2GO

(Building a foundation through community education & skill sets)

ED2GO non-credit classes.

Update your skills, discover a new talent, or chart a new career path at your own pace and at your convenience! These instructor-facilitated online courses are informative, fun, convenient and highly interactive. All courses run for six weeks (with a two-week grace period at the end). Courses are project oriented and include lessons, quizzes, hands-on assignments, discussion areas, supplementary links and more.

How to Get Started:

1. Visit our Online Instruction Center at: www.ed2go.com/kemmoutreach
2. Click the Orientation link and follow the instructions to enroll and pay for your course. You will be prompted to choose the name and password you will use to access your online course. This step is critical! You cannot access your course until you complete orientation.
3. When your course starts, return to our Online Instruction Center and click the Classroom link. To begin your studies, simply log in with the name and password you provided during orientation.

Suggested June Classes:

Solving Classroom Discipline Problems

Why do some teachers enjoy peaceful, orderly classrooms while others face daily discipline battles? The answer is that some teachers know the secrets to solving discipline problems. This course reveals those secrets and presents a step-by-step approach to effective, positive classroom discipline.

Guided Reading: Strategies for the Differentiated Classroom

Now more than ever, today's teachers are grappling with the question of how to reach struggling readers. While there are no quick fixes, thousands of teachers are combining the principles of differentiated instruction and guided reading with unparalleled success. Mixed in the right proportion, these popular strategies will help you build a balanced literary framework that gets results with even the most challenged learners.

Differentiated instruction tactics will help you understand how your students learn so you can teach in a way that makes sense to them. When you apply those tactics within the guided reading framework, which helps you lead students through new ways of approaching text, great things start to happen. The result is a classroom full of students who are able to negotiate increasingly challenging texts with unprecedented fluency.

This course is critical for today's educators, who often have to teach on the run with limited resources and unlimited demands on their time. Get ready to reach your readers
