CONGRATULATIONS

Congratulations to all of our dual & concurrent high school students for their successful completion of classes.

Dual and concurrent students are high school students who choose to challenge themselves by taking college classes while still in high school. 95% of the 2024 graduating class made this choice and will graduate high school with anywhere between 1 and 44 credits.

A special recognition to Lyla Maxwell who earned the most college credits while still in high school for the 2024 senior class.

For more information about dual/concurrent classes contact an LCSD#1 high school counselor.
